

The ALSIDE STEEL COLLECTION

A Classic Expression of Style

At Alside, our commitment to you surpasses the ordinary. For nearly 60 years, we've provided homeowners with high-quality, innovative exterior products. Our pride in workmanship and steadfast path to perfection leads the industry. Our selection of the highest-quality raw materials, coupled with state-of-the-art design and manufacturing methods, allows you to choose siding products unsurpassed in the industry. As a result of that continuing dedication to you, we proudly offer Satinwood® Variegated from *The Alside Steel Collection*.

Performance Power

Alside's Satinwood Variegated Steel Siding is manufactured with a single 8" or double 5" architectural face. This universal, horizontal profile is suitable for nearly every style of home, and is a consistent performer in even the most severe climate. As a part of *The Alside Steel Collection*, Satinwood Variegated represents the rich tradition of steel siding construction that will not rot, flake, crack, rust or chip. Satinwood Variegated siding's heavy-duty construction hides wall imperfections, and its' corrosion-resistant and non-combustible properties add to your home's protection and your peace-of-mind.

Architecturally pleasing and structurally sound, Satinwood Variegated from *The Alside Steel Collection* surrounds your home with strength, durability, and maintenance-free quality. Satinwood Variegated – a proven steel siding product that delivers solid performance – season-after-season.

The ALSIDE STEEL COLLECTION

Color Coordinated Choices

Satinwood Variegated Steel Siding is available in four multi-toned colors each representing the genuine look of stained cedar. A unique manufacturing process provides a non-repeating woodgrain pattern for realistic wood-like appearance. Available in both a double 5" clapboard and single 8" clapboard to accentuate your home's architectural style. With your individual preferences in mind, Satinwood Variegated Steel Siding has been expertly designed and skillfully finished to reflect the natural grain of stained cedar siding – without the headache of continual maintenance.

5" Clapboard Siding

8" Clapboard Siding

Setting A Standard To Match

Like all Alside products, *The Alside Steel Collection* is manufactured using advanced production and quality management processes. The result is siding that meets the highest standards for material and manufacturing excellence. Satinwood Variegated Steel Siding meets exacting standards for strength, durability, and maintenance freedom.
